FOREIGNER'S eID* CARD – YOUR FREEDOM IN DIGITAL ENVIRONMENT!

*Electronic identification card or eID card is a personal identity document, confirming the identity of the holder there of both, in presence as well as in the digital environment.

What is the foreigner's eID card:

As of 28 June 2021 the new Register of Natural Persons will commence work in Latvia, where also foreigners will be registered, allocating the personal identity number of Latvia to them.

Starting as of this day, foreigners will have a possibility to arrange a personal identity card or eID card, thus acquiring the electronic identity confirmation tool in order to receive electronic services of Latvia, acquire official e-address and electronically sign the documents.

WHAT ADVANTAGES WILL THE FOREIGNER'S eID CARD PROVIDE?

1

To use state and municipal e-services

2

eSignature included in the eID card provides a possibility to operate in the electronic environment – to confirm his or her e-identity and electronically sign documents.

3

To receive e-address safely for communication with institutions and municipalities: State Revenue Service; Register of Enterprises, etc.

4

To conveniently approve your identity in presence, at institutions and companies (such as credit institutions).

You may obtain additional information:

- on the website of the Office of Citizenship and Migration Affairs www.pmlp.gov.lv
- on the webpage maintained by the Latvian State Radio and Television Centre www.eParaksts.lv

The advantage for both, foreigners as well as the institution servicing them, is the facilitated verification of the identity of the person during provision of services.
