

Pre-appointment in portal Latvija.lv

Published: 30.07.2021.

News

We are often asked questions about pre-registration on the [Latvija.lv](https://www.latvija.lv) portal.

We inform you that the employees of the territorial divisions of the OCMA regularly publish a limited number of pre-appointments in the e-service of the [Latvija.lv](https://www.latvija.lv) portal: <https://bit.ly/3eAp65L>.

This electronic service makes it possible to apply for a passport or eID-card to those customers who want to pay for the service immediately.

The electronic service [Latvija.lv](https://www.latvija.lv) does not display all available pre-appointments!

We recommend that you sign up for the service using the application for registration in [Google Play](https://play.google.com/store/apps/details?id=com.pmlp) or the [App Store](https://apps.apple.com/lt/app/latvija-lv/id1484444444), or the system "[Online pre-appointment](https://www.pmlp.gov.lv/en/article/pre-appointment-portal-latvijalv)", which shows all available pre-appointments!
